

TRACK TALK ~ UPDATES

2026 Membership CHANGES

**New 2026 Season is kicking off
August 11 2025**

**Get your memberships now and start
collecting credits for the 2026 finals**

**You CAN still use your 2025 card up until
September 14th to avoid non-member fees**

**If you are moving up an age category for the
2026 Season (Peewee to Junior or Junior to
Open) and are currently attending a Summer
Series, you may want to wait to buy your
membership so you can stay in the current
age category for the series.**

**The CARD system is making a
comeback!!**

Due to the increasing demands of the sheer number of races and credits to be processed, the Board has decided to put the onus back on the competitors to track your race credits. Yes, we are going back to using the card system. Our VOLUNTEER directors have put in hundreds of hours checking and tabulating race credits this past year and they just can't continue to do so. There was never a motion to stop using the card system. The tracking we did was a trial that we did for past 5years and it hasn't been an efficient system.

**Now don't forget to print it out and bring to races,
the race producer or designate can sign. Once card
is full you keep it in a safe place for finals entry.**

1 card per horse is required
